

## Educator's Testimonials

For the first time the whole concept of assessment has been clarified. Now I know exactly what is expected from me. The facilitator has a knack for explaining and motivating.

*Helene Kirsten, Hoërskool Noordheuwel  
(011-954-1032)*

For the first time since OBE was implemented, I now understand where everything is going to. It was an awesome experience. I wish every teacher in this country could do this assessing course. It was an eye-opener.

*Cassie v/d Walt, Hoërskool Noordheuwel  
(011-943-1032)*

### Other courses:

- Recognition of Prior Learning
- Facilitate learning using a variety of given methodologies (OBE)
- Guide and support learners
- Moderate assessment
- Develop and design learning programmes

## Meet Edutel

- Edutel is a group of companies specialising in the field of education and training, skills development and marketing services.
- We are fully accredited with the ETDP SETA, Provider ID 0394.
- We are also a member of APPETD.

## By way of introduction

It is a well-known fact that educators are now required to develop themselves in order to enhance their professional competence and performance in the classroom and school. The concept of CPTD (Continued Professional Teacher Development) for teachers is a crucial topic in the new National Policy Framework for Teacher Education and Development in South Africa. This policy was gazetted at the end of April 2007 and it thus becomes an educator's responsibility to identify development needs and address these through appropriate training.

## Background

Over the past few years South Africa has made a move from input driven education to an outcomes-based model. More emphasis is placed on aspects such as understanding and the application of the newly gained knowledge than in the past. It is no longer about theory only.

In addition, the National Education Department has stipulated that every school must have in its possession a policy which covers all details of assessment. Knowledge of assessment procedures and methods is, therefore, imperative.

To assess learners on the various outcomes also takes a new approach, for which a specific unit standards has been registered with an allocated 15 credits. This unit standard is called "Plan and Conduct an Assessment of Learning Outcomes."

As an educator, the new system understandably presents many challenges and leaves gaps in your professional level of competency. It is, therefore, to your benefit to gain this qualification as soon as possible in order to be a more effective and marketable educator in the OBE system.

## Benefits for you

- A more competitive CV, making you more marketable for Senior positions which subsequently have an effect on your salary and pension benefits.
- A broader spectrum of OBE knowledge.

- A continual review of CASS (Continuous Assessment).
- An understanding of various assessment methods and tools, including CTA.
- Credits towards lifelong learning on the National Learner Records Database.
- The ability to assess further unit standards within your own field of expertise.

*Now is the time to invest in your future as an Educator Assessor.  
Don't wait for others to make it happen!  
Make yourself more competitive as an Educator by achieving this unit standard!*

*"Enrol now for a Hands-On Learning Programme!!"*

## When can I start?

You can start immediately.

## How many subjects do I cover?

The course is based on the 4 steps of the assessment process according to Unit Standard No. 115753. There is also a strong bias in terms of knowledge about outcomes-based assessment in South Africa.

## What do I do after having achieved this standard?

You can register for *Moderator* training or training related to "*Facilitate Learning Using a Variety of Given Methodologies*." A list of other unit standards that could lead to a nationally recognised qualification is available.

## How long does the course take?

The course is completed *in your own time*, but should not take more than 8 months.

## What do I receive once I have been found competent?

You will receive a certificate of competency.

## What do I get when I register?

You will receive your course material by mail. Included in the course material are 4 video tapes/DVDs which will give you further assistance in understanding the new concepts and which will enable you to complete the Portfolio of Evidence properly. This material is interactive and very helpful to the learner.

## Is Edutel registered and accredited?

The programme has been approved by the ETDP SETA ETQA and Edutel is fully accredited as a Provider with the ETDP SETA (Provider No. 0394).

## How will I be assessed?

You will complete 2 *assignments*, work through several *worksheets* and build a *Portfolio of Evidence*. Should you be found competent, you will earn the 15 SAQA credits.

## Is this recognised by the Education Dept?

Yes, this is recognised nationally and is highly recommended for all educators.

## How do I register?

Complete an application form (Edutel) and complete a debit order, attach your recent salary advice (not older than 2 months) and a copy of your ID. If you are not employed by the government, also attach a copy of your latest bank statement from which your salary is being deducted.

## How can I pay?

Cash at R3 175-52 or by debit order at 10 monthly instalments of R440-82 each or 16 monthly instalments of R285.77 each (for distance learners only).

## How do I make a cash payment?

Pay the amount into Edutel account and attach the deposit slip with the application.  
*Edutel Skills Development (Pty) Ltd, ABSA A/C No. 4053498561*

## What does the learning programme cover?

- \* Explore the outcomes-based curriculum framework.
- \* Make change to learning/teaching/assessment in the OBE framework.
- \* Experiential learning - incorporate critical skills and assessing abilities.
- \* Assessment in OBE (why, principles, types).
- \* Use a variety of appropriate assessment methods and tools.
- \* Plan for continuous assessment (Macro, Meso, Micro).
- \* Conduct assessments.
- \* Make judgements.
- \* Use assessments to give appropriate feedback.
- \* Use assessments to evaluate programme, planning and teaching.
- \* Record and report.
- \* Manage learner profiles and portfolios.
- \* Do moderation, standardisation and quality assurance.
